GAS JOURNAL INDEX VOL 351

July 5—September 6, 1972

THIS QUARTER REPRESENTS THE LAST ISSUES OF THE GAS JOURNAL, WHICH WAS FIRST PUBLISHED IN 1849. FROM SEPTEMBER 16, 1972, THE GAS JOURNAL HAS BEEN INCORPORATED IN THE GAS WORLD.

Abergas Ltd., nation-wide marketing campaign, 92
Abstracts from recent British Patents, 102, 123, 141
Algerian gas for Europe, 61
American Gas Association Synthetic Pipeline Gas Symposium in Chicago, 44
Amoco-Gas Council find gas off Aberdeen, 27
Australian liquid natural gas may supply California, 124

Babcock-Kellogg formed in Spain, 43
Boiler acceptance test goes metric, 109
Britain's conversion programme reaches halfway, 61
British Gas Corporation
—excess revenue to the Secretary of State, 93
—'probably identical with present pattern', 10
British Safety Council talks on Robens report, 154
Burco Dean chief looks for expansion, 154

Candles to sell fires for Wales Gas, 142
China—report on natural gas potential, 106
Common Market and State-controlled industries, 92
Contractors urge to retain gas conversion work force of 8,000, 11
Cork Gas Consumers Company, interim dividend, 107

Destination Copenhagen, 133
Drilling for oil in the British sector of the Atlantic, 44

Energy statistics published, 142

Final conversion, 154
Flammable liquids, new regulations, 124

Gas Bill
—given Royal Assent, 107
—goes to the Lords, 27
Gas on the Continent, 21
Gas safety regulations published, 101
Grundfos Pumps Ltd., Leighton Buzzard factory inaugurated, 27, 42

Harris air heaters for Iran, 142
Heatex show emphasises expanding use of gas in UK industry, 13
Heating and Ventilating Year Book 1972 now available, 108
'Home heating' exhibition at the Design Centre, 11
Howard, John and Co. Ltd., awarded contract, jetty for natural gas liquids export, 28
Humphreys and Glasgow Ltd., acquires German subsidiary, 92

Institute of Petroleum summer meeting, 103
International Plastics Pipes Symposium, delegate registrations up on 1970, 92

Kayanson Engineers Ltd., directors' statement, 44

Lloyd's Register of Shipping, shipping rules, 9
Lockton onshore gas fields closed for tests, 142

Midland-Yorkshire Tar Distillers Ltd., hit by raw material shortage, 12
Monopolies Commission on connection charges for electricity and gas, 81

New World (Gas Heating) Ltd., French party visit, 44
New World Young Cook Book launched, 125
New Zealand natural gas supplies, 12
North Sea well to be abandoned, 125
Norway gas may be piped to Holland, 89

Occidental Petroleum Corporation, five-year agreement signed with U.S.S.R., 61
Oil and natural gas discovered in the State of South Australia, 9

Polyethylene pipe factory, 133
Potterton, Thomas Ltd., complete range of air conditioning equipment, 92

Ryton Gas Equipment Ltd., new company formed, 124

SBM move to complete export plans, 74
Shell/Esso find in North Sea is good news for British industry, 109
Shell/Esso reports another significant find, 154
Shell UK Exploration and Production Ltd., North Sea exploration, 11
Society of British Gas Industries shows growth of gas-fired water heating units, 62
Stork Hengelo awarded £15 mill. Dutch order, 28

Technological research in the Netherlands gas industry, 148
Third International Conference and Exhibition on L.N.G. preregistration deadline, 73

U.S. demand for L.N.G. requires immense tanker fleet, 28
Valor Company should have another excellent year, 44

Whessoe Ltd. receives £1.25 mill. tankage export order, 29
World Gas Conference, large exhibition, 142

GAS IN INDUSTRY AND COMMERCE

Baynes, F. J. and Co. Ltd., awarded contract from the Department of the Environment, 121
Beeston Boiler Co. Ltd., ready acceptance of range after Watson House approval, 37
Bricesco shuttle kiln cuts smoke emission and greatly reduces firing times, 66

Cole, S. A., Natural gas in the glass container industry, 62
Danks Supapak boilers for Alan Paine Ltd., men's knitwear manufacturer, 32
Authors—
de Winton, C. J. P.
—Important potential for gas in Welsh industry, 144
—Llanelli steel pioneers gas-fired soaking pits, 26
Gastronome, Catering equipment in the European Common Market, 50
Gastronome, Hotelympia — showpiece of catering not to be missed, 12
Gastronome, The era of convenience foods, 34

Eden Fisher (Southend) Ltd., chooses natural gas, 8
E.M.E. Industrialised Services Ltd., gains CORGI approval, 16
Editorials—
Cleaner air, 7
Gas in Public Service, 97
More Hevac gas, 77
Natural gas and Heatex '72, 127
Natural gas for boilers, 61
Natural gas to heavy industry, 143
Significant advance, 111
Steel turns to gas, 25
What prices total energy, 45
Ford, E., Precision engineering in the service of gas, 112
Ford Motor Company choose gas-fired ovens, 14
Fulton Boiler Works (Great Britain) Ltd., first export to France, 37

Gas Council catering demonstrations at Hotelmypia, 72. 13
Gas Council Midlands Research Station burner helps production, 82
Gas Council specification to meet new Factory Inspectorate requirement for the protection of steam tube ovens, 105.
Gas for all amenities is theme at Baths Management Exhibition, 151
Gas suitability for special kilns proved by American experience, 82

Hamworthy boilers in group heating, 146
Hamworthy Hydrotherm gas-fired hot water boiler modules installed in Blackpool courts, 31
Hamworthy warms Wilsons of Guiseley, 117
Harris, C. and T. Ltd., change to gas firing, 103
Heatex '72 review, 128
Hevac '72, 83
Hi-Flex International, flexible and rigid hoses and pipes, 133
Howden Park Centre, unusual use of radiators, 132

Institute of Fuel national conference on industrial boiler firing, 78
International Gas Apparatus Rotary vane meter gains approval, 118
ITT Reznor
—equipment heats copper processing works, 147
—Pay-as-you-heat deal, 65
—receives order from Thomas Bolton and Sons Ltd. for warm air heating equipment, 33
—solves problems for W. R. Gibbs Ltd., 122
—warm air units for Timsons Ltd. of Kettering do-it-yourself installation, 33

Labour and space-saving gas equipment, 81

Michelin signs big contract, 151
Modern Furnaces and Stoves Ltd., rotary swarf treatment system, 122

Natural gas for new Royal Scot Hotel at Edinburgh, 66
Natural gas for Swallow Hotel to be built at Gyle, Corstorphine, 31
North Eastern Gas Board, Rockware Glass Ltd., furnaces successfully changed to natural gas, 67
North Thames Gas Board, Crown Cork Co. Ltd., natural gas contract, 116
North Thames Gas Board, Southend swimming pool heated by natural gas, 134
North Western Gas Board, Massey Ferguson contract signed, 132
North Western Gas Board, 'Profits on a plate' catering drive in pubs, 104
Nu-way Benson Ltd., new air heaters, 38
North Thames Gas Board, Industrial Sales Department visits the Aerogen Co. Ltd., 9
North Thames Gas Board, large contract, 148

Oldest boilers changed over to gas at the Swindon Works of British Rail Engineering Ltd., 67
Oxfordshire farmers using gas to give cattle a coffee break, 120

Packaged Chillers units for Tesco's air conditioning, 48
Powrmatic Ltd., A4 size leaflets on range of gas-fired boilers, 38

PRODUCTS

Aerogen/Flynn Uni-Mix combustion system for the Clover Can Co. Ltd., 52
Airoil direct-fired air heater, 153
Allen Ygnis hot water boilers for Birmingham Repertory Theatre, 53
Allen, W. H., door heaters, 153
Amal Ltd., conversion products, 52
Arkon Instruments Ltd., mercury-free, flow recording instrument, 18
Bartlett, G. F. E. and Son Ltd., steam oven, 90
Beeston Boiler Co. Ltd.—
fully automatic boiler, 70
survey indicates swing to hot water heating for greenhouses and nurseries, 54
Crane Ltd. Nu-Way Heating Plants Ltd., agreement to speed delivery, 52
Doulton Industrial Products Ltd., air gas filter, 153
Dunlop Engineering Group, high intensity gas burner, 137
Guy's Hospital boiler plant commissioning, 136
Hattersley Newman Hender, double regulating valve, 137
Heat Transfer Ltd., supply two Meteor SL boilers to Eltham Baths, 17
Honeywell fast response boiler thermostats, 70
Hoval Boilers Ltd.—
acoustic burner shrouds, 137
new range of oil or gas-fired heating boilers, 106
Ideal-Standard Ltd., Copperad fan convector, 135
Incineration and Combustion Ltd., multi-purpose incinerators, 52
International Hotel and Catering Exhibition, Olympia, 36
ITT Reznor—
control panel, 154
cooling coils, 106, 137
Jackson Boilers Ltd., coloured brochure, 90
Lucas, Joseph (Industries) Ltd., low-cost gas turbine, 106
Maywick (Hanningfield) Ltd., exhibits at BOCM-Silcock Poultry Fair, Stoke Mandeville, 69
Nicholson Manufacturing Company, Shilton greenhouse heater and associated products, 154

Packaged Chillers Ltd., Arkla gas-fired 'roof pack' chiller heater, 105
Peabody Ltd.—
additional office space, 69
two high performance burners, 152
Perfection Parts Ltd., Slim Jim Clipper K20 replacement thermocouple, 18
Phoenix Burners Ltd., infra-red heat stops condensation in squash courts, 137
Potterton's Isis boiler on show in the regions, 153
Radiant Superjet Ltd., supply town gas burners to ICI at Derby, 48
Radiant Superjet, Big G burners, 154
Radiation Creda Catering Equipment Ltd., for Bush Davies ballet school, 35
Radiation Creda Catering Equipment Ltd., kitchens for Scottish schools, 90
Rega Metal Products Ltd., U.K. producer for Regaflex systems, 136
Rendell, D. C., Development of hotels in central London, 98
Rodell Chimneys Ltd., production doubled, 69
Royal Army Ordnance Corps, Central Ordnance Depot goes gas, 80
Royal Doulton Potteries changeover to gas, 118
Ryton Ltd., Gas Council approval for all overhead radiant heaters, 18
Stone-Vapor coiled-tube steam generators for J. Lyons and Co. Ltd., 106
Sulzer Bros. (London) Ltd., 25 MW gas-turbine alternator set to the Mond Division of ICI, 90
Thermic Systems (Staffs) Ltd., drying system for Perry and Davenhill Ltd., 69
Thurley, John Ltd., Convectiflo System, 54
Trianco Group Ltd.—
expanded product range, 17
rotating heat exchanger, 136
Trianco-Raypak natural gas boiler, 18
Ultratherm Ltd., heat exchanger, 121
Wellman-Brumes gas, oil and dual-fuel burners, 121
Wellmann Gas Engineering Ltd.—
pre-mix tunnel burner, 52
Selas combustion equipment a catalogue, 54
Wellman cremator, further orders, 152
Wellman Incandescent Furnace Co. Ltd., two more British Steel Corporation orders, 90
Wellman Industrial Controls Ltd., valve order from Main Gas Appliances Ltd., 136

Scottish Gas Board—
Bruntons (Musselburgh) Ltd., gets natural gas early, 119
contract from County of Stirling for gas supplies, 115
General Time Ltd., benefits from natural gas, 80
gas firing for Marks and Spencer in Scotland, 32
warm air heaters for Allied Brewer's warehouse, 102
William Beardmore's steelworks changes to natural gas, 102
Serck Audco Valves Ltd., foundry goes natural gas from iron melting, 51
Smith's Dock Co. Ltd., chooses Ryton radiant heaters, 101
South Eastern Gas Board—
British Gypsum Ltd., changes over to natural gas, 138
destroys smoke from Viskase Food Laboratory, 104
4D Research and Development Co. Ltd., using gas, 119
natural gas for the Sheppey Glue and Chemical works, 117
Segas helps free 'mini' steel mill of dirt, 150
South Western Gas Board, Reed and Smith Group changes from oil-firing to gas firing, 46
Southern Gas Board—
Aylesbury's civic hall to have gas-fired heating and ventilating, 133
Contract from Tunnel Cement Ltd., 16
Farnborough Urban District Council contract, 82
French interest in natural gas for malt drying, 9
Gorselands estate at Tadley, successful changeover, 119
'Profits on a plate' catering packs offered to publicans, 104

Thorn Benham Ltd., installs underfloor gas heating for Chichester Cathedral, 115
Trianco Group Ltd., expanded product range, 32

Vauxhall Motor Co. Ltd., 20 boilers changed to dual-fuel firing, 68
Vauxhall plant uses 16 mill. therms a year, 148

Wales Gas Board, two kilns converted to natural gas, 66
Wanson Co. Ltd., new Gasairbloc features, 122
Author:—
Waugh, R., Heating industrial premises by infra-red system, 10
Wellman Incandescent Furnace Co. Ltd., shaker hearth installation, 119
Wellman receives a repeat order for heat treatment plant from W. Brearley and Co. Ltd., 48
West Midlands Gas Board—
British Gas and Oil Burners Ltd., unique conversion of school boilers, 120
contract from Wolverhampton and Dudley Breweries Ltd., 15
to supply gas to the Central Ordnance Depot at Donnington, 47
Wester Hailes shopping complex in Edinburgh is to be gas-fired, 134
Williams, John, of Cardiff, air conditioned offices by Lennox, 104

CLASSIFIED INDEX
AREA BOARDS

EASTERN GAS BOARD
Natural gas-fired district heating scheme opened at Bretton, Peterborough, 70

EAST MIDLANDS GAS BOARD
Record year, 73

NORTH EASTERN GAS BOARD
Domestic sales drive, 125
Fleet of l.p.g. vehicles expanded, 108
Gas demand up by 45 per cent, 43
Vaughan Programming supply programs for telemetry system, 11

NORTH THAMES GAS BOARD
Chairman of the Gas Council visits new divisional office, 107
Dresser Industrial Specialities Group to supply 510 leak clamps, 13
First aid competition, 29
Mr. Therm's successor appointed, 61
Starch Products Ltd., switch from oil to natural gas, 28
Stratford training centre, 69

NORTHERN GAS BOARD
Crossley Building Products Ltd., all-round improvement due to kiln firing by North Sea gas, 109
Industrial gas seminar, 13
Tees divisional H.Q. officially opened, 89

NORTH WESTERN GAS BOARD
Arndale Centre showroom opened, 73

SOUTHERN GAS BOARD
Apprentices' skills recognised, 28
Basic first-aid to be taught to all employees, 44
Basingstoke chooses natural gas for district heating scheme, 73
First-aid competition, 44
Good results from pub campaign, 107
Natural gas for Milton Keynes, 13
Opening of fitters' depot at Reading West, 12
Report on S.N.G., 13

SOUTH EASTERN GAS BOARD
Accounts problems answered by computer for customers, 13
Biggin Hill underground gas storage inaugurated, 125
Bulk users' main in place, 43
Contract signed with John Watney and Co. Ltd., 63
Contract with Cameron Mechanical Services Ltd., 124
'Pub grub' campaign, 12

WALES GAS BOARD
Candles to sell gas fires, 142

SCOTTISH GAS BOARD
Chrysler Scotland Ltd., signs special gas contract, 43
Gas to heat Fife health centre complex, 13

WEST MIDLANDS GAS BOARD
Emery, Peter, visits H.Q. on changeover day to natural gas, 92

GAS COUNCIL
Contract awarded to Natural Gas Engineering Ltd., 107
Conversion reaches halfway stage, 11
International Consultancy Service at ICAPE '72, 108
S.N.G. processes to be developed jointly with ICI, 89

EDITORIAL COMMENT
